

## Helping Others

### Language Lizard - Living in Harmony Series

**Activity:** Cut out and distribute the following flashcards to students in groups. Ask the group to make up a story (or skit) about the individual helping someone *without* saying what job they have so that others can guess. Then, the facilitator will go around and give each group a chance to read their story or perform. The other students will then have to guess their profession.

**Doctor**

**Firefighter**

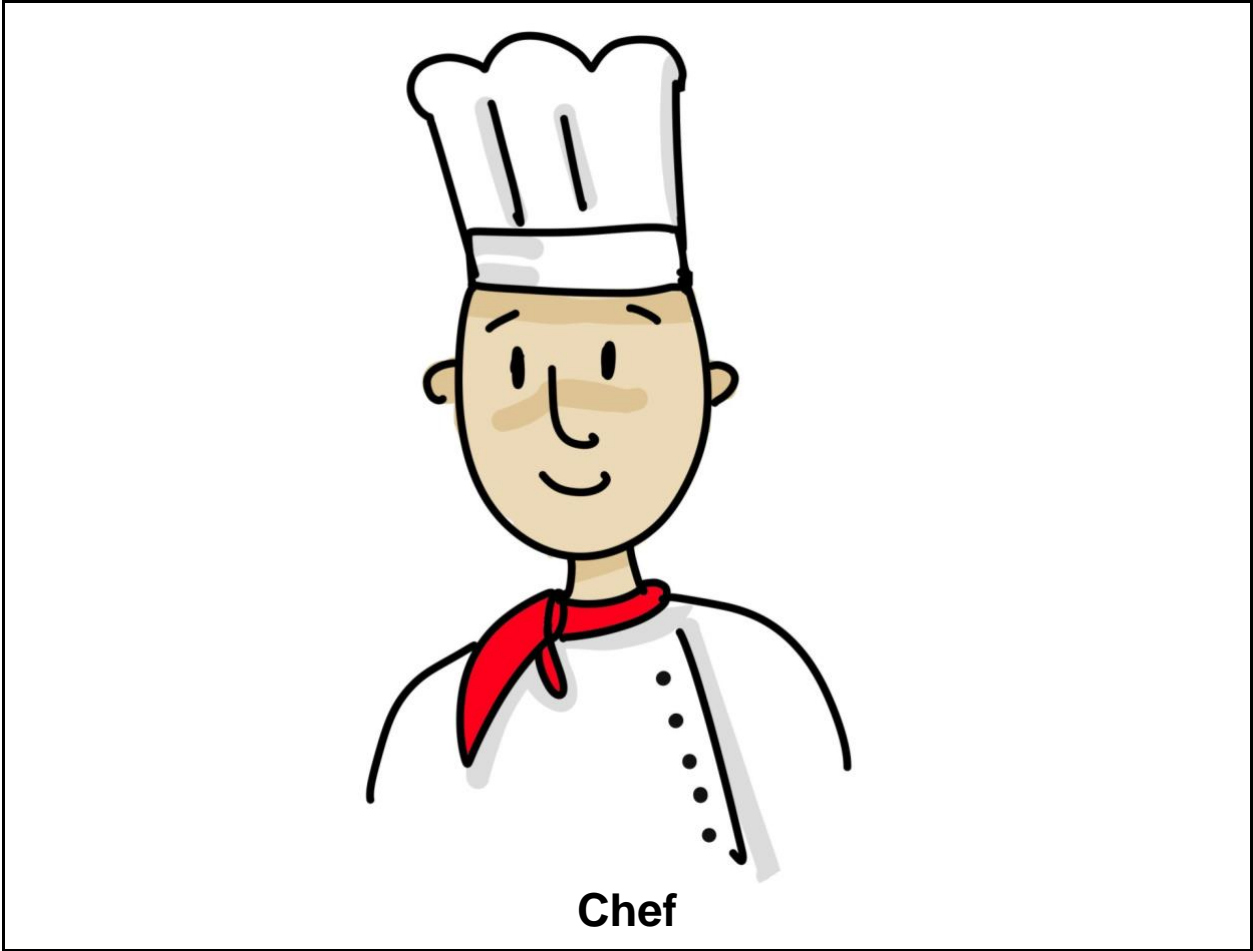

**Repairwoman**

**Lifeguard**

**Crossing Guard**
